

Seminar “Resource-use Efficiency: Implications for the Sustainability and Competitiveness of the European Livestock Sector”

How does Europe’s livestock sector remain competitive in a context of growing resource scarcity and a need to address climate change? What are the opportunities and challenges to improve the European livestock sector resource-use efficiency? What would a European Agenda of Action for a sustainable livestock sector look like?

Seminar invitation

Resource-use efficiency is a major challenge to the sustainable development of the livestock sector in Europe. The size and complexity of this challenge requires multiple actions by multiple stakeholders. The members of the Animal Task Force cordially invite politicians, policy-makers, industry representatives, research institutes and non-governmental organisations to join them for the seminar on “Resource-use Efficiency: Implications for the Sustainability and Competitiveness of the European Livestock Sector”.

Resource-use efficiency

The livestock sector’s natural resource-use efficiency is of major importance for the future of Europe and the world. The Global Agenda of Action for sustainable livestock sector development, a FAO-hosted initiative, specifically deals with this issue through three initial focus areas:

- 1) Closing the efficiency gap.
- 2) Restoring value of grasslands
- 3) Zero discharge

Join us and explore what the implications of the GAA are for a European Agenda of Action.

Wednesday November 7 | 10.00 – 17:00 | Copa-Cogeca office | 61, Rue de Trèves, Brussels

This seminar is organised by the Animal Task Force in close cooperation with Copa-Cogeca and the FAO. The Animal Task Force promotes a sustainable and competitive livestock sector in Europe. We are a leading body of expertise with stakeholders from industry and research from across Europe.

Programme

- 10.30 Welcome
- 10.45 Global Agenda of Action
Henning Steinfeld, FAO
- 11.15 Discussion round 1: Closing the efficiency gap.
- 12.30 Lunch
- 13.30 Discussion round 2: Restoring value of grasslands
- 14.45 Coffee
- 15.00 Discussion round 3: Zero discharge
- 16.15 Plenary discussion: toward an Agenda of Action
- 17.00 Closing & Drinks

Registration

You are invited to join this event. Please register by sending an e-mail before October 15 to info@animaltaskforce.eu. Participation is free.
